A Report of the Fruit Handled at Amoret's Big Fruit Farm.

The greatness of the apple crop of the Darby Fruit Farm, which borders our little city on the west and south, is probably little realized by our citizens.

The total number of bushels shipped in barrels and boxes was 23,118 which with 6,552 bushels of windfalls and culls, which was used at the evaporator makes a grand total of 29,670 bushels for this year's crop. The cost of putting this crop into marketable packages was \$5,000.00, the greater part going to home labor—Post.

SAN FRANCISCO STORM.

Gale Topples Over Tettering Walls in Burned District—One Death Reported.

San Francisco, Dec. 10.—A south-east gale sweeping along the coast at a registered velocity of 48 miles an hour Monday resulted in the death of one man in San Francisco and in the severe injury of several others. Shipping in the harbor was considerably damaged and in all quarters of the city tottering walls were hurled to the ground, blocking streets and interrupting traffic. Owing to danger from falling walls street car service was entirely suspended.

John Rynehart, a laborer employed at the corner of Stockton and Broadway, was caught under a falling wall and killed. One of his companions, Adrian Ennoll, was so severely injured that his life is despaired of. In every section of the burned district ruins were toppled over.

Two frame houses, one at the corner of Washington and Leavenworth streets, the other near Leavenworth and Broadway, were levelled by the gale. The Burnett school was unroofed and the roof of the Bernal school was torn off and blown away.

On the bay the storm was terrific. The ferry boats, proceeding with extraordinary caution, were tossed about until scores of passengers were sick. The lower decks were awash most of the time and occasionally the crest of a wave leaped onto the hurricane decks.
